Essay

Hi Applicant! The essay portion of this application is how we really get to know who you are as a person in our world today. It's an important part of our selection process each year since we do not get the opportunity to meet in person, so please put some time and effort into this portion. It would be prudent of you to read about the Foundation and the work we do to support Ski Patrollers, who Cody was, and our current missions.

Your essay must be typed, the length is at your discretion, though be sure you have given a complete response to the topic of your choice. Please choose from **one** of the following topics for your essay:

Topic #1). While going through Cody's belongings, Cody's sister found a drawing in his closet, which now serves as the logo and mantra for his foundation. The drawing was of a tree with a heart at its base and he wrote, "Let Us Fortunate Ones Live the Good Life." Write about what this statement means to you personally. Do you aspire to share this sort of philosophy with the world? How?

Topic #2). Those who were fortunate enough to know Cody St. John shared a love and admiration for him, because of the way that he lived his life was an inspiration to the rest of us. Who has inspired you in your life and why? Did this person motivate you to become a Ski Patroller or pursue medical education? Elaborate.

Topic #3). Tell us about yourself: your past, your present, and your aspirations for the future. What motivated you to join Ski Patrol? What are your passions? Why is medical education important to you? What mark will you leave on those around you?

Letters of Recommendation and Personal References

List names, titles, and the affiliations of the three people whom you will ask to provide a personal reference. References should be from employers, college faculty, mentors, or others who you know on a professional or academic basis. If currently or recently employed, you should ask a supervisor for a reference. *One of these three* people will need to provide a written recommendation on your behalf, which should be signed and included in your application packet. Recommendations from family and friends are not acceptable.
